## SUMMARY STATEMENT

I'm a highly motivated **Front-End Developer** with **4 years** of hands-on experience creating engaging and responsive user interfaces across various platforms. Over the past 4 years, I've worked extensively on **ERP systems, E-commerce websites, and HR Management Systems (HRMS)**, delivering clean, user-friendly designs that enhance user experience. I have a solid foundation in web technologies like **HTML, CSS, Bootstrap, JavaScript, and Git**. I also use tools like **Figma, Photoshop, and Illustrator** to design and refine modern, visually appealing interfaces.

## EXPERIENCE

### UI Developer

Mar 2022- Present

*Voyon Technology Services Pvt Ltd, Kochi*

Developed and designed a comprehensive end-to-end Human Resource Management System (HRMS) for Voyon Folks, serving Medium and Enterprise clients across various industries.

- Single-handedly managed the entire front-end development and UI design process for the HRMS platform, ensuring a seamless user experience across web and mobile applications.
- Utilized expertise in **HTML, CSS, Bootstrap and JavaScript** to translate UI/UX designs into functional and responsive interfaces.
- Designed user interfaces for the mobile app, adhering to best practices for mobile usability and user interaction.
- Collaborated with back-end developers to ensure smooth integration of the front-end with the back-end system.
- Maintained a high standard of code quality and ensured cross-browser compatibility for the web application.

### Web Designer

Feb 2021- Feb 2022

*De Sparrow Solutions, Kozhikode*

I possess one year of experience as a web designer in a service-based company. During this time, I designed user interfaces and experiences for various web applications, including enterprise resource planning (ERP) software and e-commerce platforms. I collaborated closely with developers to ensure my designs were translated effectively and met both project requirements and user needs.

- Possessed strong technical skills in **HTML, CSS, Bootstrap and JavaScript** to translate designs into functional prototypes and collaborate effectively with developers.
- Utilized Adobe Photoshop, Illustrator, and XD to design user interfaces (UI) and user experiences (UX) for web applications

## EDUCATION

Bachelor of Computer Application (BCA)

*Indira gandhi open university (IGNOU)*

Jan 2024 Present
